Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170  
and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Given that the Universal Service Fee was a Clinton administration tax to support connecting schools and libraries to the internet, the tax has served its purpose and should be repealed.

The Government through the FCC does not provide any services to the public that are garnered from the taxes collected from utilizing the telecommunications mediums (be it land lines or wireless). If schools and libraries are to be further funded for connection to the internet, it is the responsibility of their respective municipalities and not the federal government. DO NOT INCREASE THE UNIVERSAL SERVICE FEE!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Henry Wu
